WORK EXPERIENCE

PreMan, Inc. (backed by a16z Speedrun, SR007) **Aug 2026 – Oct 2026**
Founding Sales Lead *San Francisco, CA*

- Owned the sales pipeline, building **$350K+ in pipeline ARR within 1.5 months** through **20+ in-person visits to ICP prospects**, mass email campaigns, alumni outreach, and in-person demos at events
- Served as **acting Chief of Staff to the CEO and CTO**, managing executive calendars, scheduling client and investor meetings, planning conference attendance, and following up on marketing outreach
- **Launched a PreMan Hugging Face app** and tracked its click-through rates; hosted PreMan's **first game night with 20+ guests** to grow brand awareness and social following on Reddit and LinkedIn

Casap Technologies, Inc. **Jun 2026 – Aug 2026**
Internal Project Manager - Capital Allocation & Operations Team (Contract) *New York, NY*

- Gathered requirements and built standardized **technical implementation checklists and workflow maps for 19+ credit unions**, streamlining onboarding and documenting implementation blueprints across 49 total clients, banks & credit unions
- Managed cross-functional project timelines and milestones by automating client status updates and go-live tracking, **saving technical project managers 7+ hours weekly** and giving leadership real-time visibility into readiness and risk
- Coordinated with cross-functional stakeholders to develop workload allocation ratios, balancing technical program managers' bandwidth across client implementations and **driving a 5% increase in customer satisfaction**

FollowUS Global **Dec 2025 – Jun 2026**
Account Executive *New York, NY*

- Conducted **80+ face-to-face customer interactions daily** clearly communicating product properties and value proposition
- Maintained detailed sales records highlighting product bundle sold, locations covered, and installation processes completed
- Closed **4 new customer** sales deals weekly averaging **$1500+ in weekly revenue** while servicing existing clients

Pomona College **Jun 2024 – Aug 2024**
Undergraduate Research Assistant *Claremont, CA*

- Analyzed the impact of IMF loan programs on GDP growth across **52 African countries**, applying regression techniques in **STATA/SE** to identify statistically significant economic relationships
- Designed and estimated **two econometric models,** controlling for initial GDP, inflation, geography, and regional economic conditions to isolate determinants of IMF program effectiveness
- Translated econometric findings into **actionable policy recommendations** through **Excel-based scenario analysis,** supporting data-driven decision making in the final policy brief

Extern/PwC **Jun 2023 – Aug 2023**
PwC Remote Extern *New York, NY*

- Researched **AI Career Coach features**, generating insights that increased user engagement by **30%**
- Evaluated **10+ competitor products** using Excel, producing comprehensive market trend reports that guided the prioritization of feature development
- Analyzed user behavior to develop **usability and UI/UX recommendations,** identifying key areas for design improvements that enhanced product experience
- Selected as a **final presenter from a pool of 100+ externs**, delivering actionable insights to stakeholders through professional reports and presentations.

EXTRA-CURRICULAR

Third Bridge **September 2024**
Client Service Delivery Simulation

- Delivered actionable insights for a client project through **industry research, trend analysis, and expert engagement strategies,** addressing specific client needs.
- Conducted **value chain analysis of the sneaker industry,** mapping key stakeholders and market dynamics.
- Produced **3 expert profiles** that contributed to securing the client account, demonstrating strategic vision and innovation.

Pomona Consulting Group **Feb 2023 – May 2023**
Associate Consultant, Clean Energy Investments Project *Claremont, CA*

- Evaluated **20+ clean energy projects** in California, compiling findings into Excel reports for investment assessment
- Developed data-driven presentations that persuaded 10+ investors to incorporate clean energy investments, highlighting financial and environmental impact.

Goldman Sachs **Apr 2022 – May 2022**
Virtual Insights Series

- Selected from **10,000+ applicants** to gain exposure to multiple firm divisions and roles, enhancing understanding of corporate finance, investment strategy, and industry operations.
